

# Tuition Manager Software - Backup & Restore Guide

This guide explains how to take backup and restore your Tuition Management Software data step-by-step.

## STEP 1: Open XAMPP Control Panel

- Start Apache and MySQL services.

## STEP 2: Open phpMyAdmin

- Open browser and go to: <http://localhost/phpmyadmin>

## STEP 3: Export Database Backup

- Select your database (example: tuition\_db).
- Click Export tab.
- Choose Quick export method.
- Click Go.
- File will download as .sql backup file.

## STEP 4: Store Backup Safely

- Save backup file in Pen drive or Google Drive.

## STEP 5: Restore Backup (If needed)

- Install XAMPP in new laptop.
- Open phpMyAdmin.
- Create new database (same name: tuition\_db).
- Click Import tab.
- Choose backup .sql file.
- Click Go.

## STEP 6: Copy Project Files

- Copy your project folder to new laptop.

Done! Your data is safely restored.
